**Re: WC Docket No. 14-58
2015 ETC Annual Report of Coalfields Telephone Company
Study Area Code 260408**

Dear Ms. Dortch:

On behalf of Coalfields Telephone Company ("Coalfields"), JSI files the attached confidential and redacted versions of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Coalfields seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is also being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of its Progress Report on its Five-Year Service Quality Improvement Plan as required by Section 54.313(a)(1).³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall
JSI Vice President

**Re: WC Docket No. 14-58
2015 ETC Annual Report of Coalfields Telephone Company
Study Area Code 260408
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Coalfields Telephone Company (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").³
2. Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission an initial section 54.202(a) Five-Year Service Quality Improvement Plan ("Five-Year Plan") which is contained in the attachment to the 2014 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ See *In the Matter of Connect America Fund*, WC Docket No. 10-90, Order DA 14-591 (rel. May 1, 2014).

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ Accordingly, because the Company is a rate-of-return carrier, it must file a five-year service improvement plan which contains proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing the attachment under seal. The Company uses the information contained in the Five-Year Plan to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Five-Year Plan provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall
JSI Vice President

REDACTED – FOR PUBLIC INSPECTION

ATTACHMENT - LINE 112

**Five-Year Network Improvement Plan and
Progress Report**

ATTACHMENT REDACTED IN ENTIRETY

Coalfields Telephone Company's demonstration of complying with applicable service quality standards and consumer protection rules for voice and broadband services:

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make "a specific commitment to objective measures to protect consumers."² The Commission found that for wireless ETCs, compliance with CTIA's Consumer Code for Wireless Service would satisfy this requirement" and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, "to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement."⁴

Coalfields Telephone Company ("Company") hereby certifies that it is complying with applicable service quality standards and consumer protection rules. The Company is subject to consumer protection obligations under the Kentucky Revised Statutes (KRS) and Kentucky Administrative Regulations (KAR). These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff pursuant to the requirements of KRS Chapter 278.541 to 278.544 and 807 KAR 5:011, which disclose rates, terms and conditions of service to customers; (2) adherence to Kentucky state consumer protection requirements governing telephone providers which include Consumer protections as

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) ("*2005 ETC Order*").

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: "(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy." *Id.* at n. 71.

⁴ *Id.* at n. 72.

identified in KRS Chapter 278.546, Pricing Procedures as illustrated in KRS Chapter 278.542(1), and Compliance with Anti-Slamming Procedures as adopted in KRS Chapter 278.535; (3) truth-in-billing requirements as required in 807 KAR 5:061, Section 13; and (4) CPNI, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy. Additionally, incumbent local exchange carriers are required by 807 KAR 5:061, Section 4(4) to maintain records of and report monthly various service objectives related to the Provision of Service, 807 KAR 5:061, Section 10(1); Dial Service Requirements, 807 KAR 5:061, Section 15(1) and (2); Answering Time, 807 KAR 5:061, Section 22(1) and (2) and Service Interruption, 807 KAR 5:061, Section 25(3) and (4).

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3.

The Company furthermore will comply with all requirements set forth in the 2015 Open Internet Order when it becomes effective.

Coalfields Telephone Company's demonstration of ability to function in emergency situations for voice and broadband services:

Coalfields Telephone Company ("Company") hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and the Kentucky Administrative Regulations (KAR), 807 5:061, Section 24. The Company's network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations will also allow the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, Coalfields Telephone Company in accordance with 807 KAR 5:061. Telephone, Section 24, has a written plan in place to meet service emergencies resulting from failures of power service, sudden and prolonged increase in traffic, fire, storm, or acts of God, and has trained employees on emergency procedure. Each central office building is supplied with standby generators and battery back-up that enable the central office to keep running for at least the minimum of four (4) hours, or until system changes are made to reroute traffic. The Company has battery backup at all office locations and

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

in its electronic equipment sites in accordance with the specifications identified in Section 24 of the 807 KAR, 5:061, Emergency Operations.

The company's standby generators and battery back-up support both voice and broadband network equipment should an emergency situation occur.

SECTION 5**
First Revised Sheet No. 4
Replaces Original Sheet No. 4

5. BASIC LOCAL EXCHANGE SERVICE (Cont'd)

5.3 Basic Exchange Line Service

5.3.1 Description

Basic Line Service provides a Customer with a single, voice-grade telephonic communications channel that can be used to place or receive one call at a time. Basic Lines are provided for connection of Customer-provided single station sets or facsimile machines to the public switched telecommunications network. Each Basic Line may be configured into a hunt group with other Company-provided Basic Lines.

Each Basic Residential (C) Line is provided with the following standard features that can be deleted at the Customer's option:

Touch Tone
Calling Number Delivery (N)

Each Basic Business (C) Line is provided with the following standard features that can be deleted at the Customer's option:

Touch Tone

5.3.2 Rates

Rates do not include a charge for instrument or other customer premises equipment. Rates for additional services, including installation charges, are shown elsewhere in this Tariff.

	<u>Monthly Rate</u>

5. BASIC LOCAL EXCHANGE SERVICE (Cont'd)

5.4 Lifeline

5.4.1 Description of Service

1. The Lifeline program is designed to increase the availability of telecommunications services to low income subscribers by providing a credit to monthly recurring local service for qualifying residential subscribers. Basic terms and conditions are in compliance with the FCC's Order on Universal Service in CC Docket 97-157, which adopts the Federal-State joint Board recommendation in CC Docket 9645, which complies with the Telecommunications Act of 1996. Specific terms and conditions are as prescribed by the Kentucky Public Service Commission and are as set forth in this tariff.
2. Lifeline is supported by the federal universal service support mechanism.
3. Federal baseline support is available for each Lifeline service and is passed through to the subscriber. In addition state support is available for each Lifeline service and is passed through to the subscriber. The total amount of the eligible credit will not exceed the sum of the state and federal subscriber support or the charge for local service, which includes the access line, the Subscriber Line Charge and local usage.

5.4 Lifeline (Cont'd)

5.4.2 Regulations

1. **(D)**
2. One low- income credit is available per household and is applicable to the primary residential connection only.
3. A Lifeline customer may subscribe to any local service offering available to other residence customers.
4. Toll blocking, if elected, will be provided at no charge to the Lifeline subscriber.
5. The deposit requirement is not applicable to a Lifeline customer who subscribes to toll blocking. If a Lifeline customer removes toll blocking prior to establishing an acceptable credit history, a deposit may be required. When applicable, advance payments will not exceed the connection and local service charges for one month.
6. The federal primary inter-exchange carrier charge (PICC) will not be billed to Lifeline customers who subscribe to toll blocking and do not pre-subscribe to a long distance carrier.

5.4 Lifeline (Cont'd)

5.4.2 Regulations (Cont'd)

7. A Lifeline subscriber's local service will not be disconnected for non-payment of regulated toll charges. Local service may be denied for non-payment of local and miscellaneous service in accordance with Section 2 of this Tariff. Access to toll service may be denied for non-payment of regulated tolls. A Lifeline subscriber's request for reconnection of local service will not be denied if the service was previously denied for non-payment of toll charges.
8. Lifeline is not available for resale.

5.4.3 Eligibility

To be eligible for a Lifeline credit, a customer must be a current recipient of any one of the following low-income assistance programs or have income at or below 135 percent of the Federal Poverty Guidelines [Note 1].

1. Supplemental Security Income (SSI)
2. Supplemental Nutrition Assistance Program
3. Medicaid
4. Federal public housing / Section 8
5. Low Income Home Energy Assistance Program (LIHEAP)
6. Temporary Assistance to Needy Families program (TANF)
7. National School Lunch's free program (NSL)

All applications for service are subject to verification with the state agency responsible for administration of the qualifying program.

5.4.4 Certification

1. Proof of eligibility in any of the qualifying low-income programs should be provided to the company at the time of application for service. The Lifeline credit will not be established until the Company has received proof of eligibility. If the customer requests installation prior to the company's receipt of proof of eligibility, the requested service will be provided without the Lifeline credit. When eligibility documentation is provided subsequent to installation, the Lifeline credit will be provided on a going forward basis.
2. Proof of eligibility shall be in the form of an affidavit, certifying under penalty of perjury, that the subscriber is receiving benefits under one of the qualifying programs. It is the customer's responsibility to notify the company when the customer is no longer participating in any of the qualifying programs.
3. The company reserves the right to periodically audit its records, working in conjunction with the appropriate state agencies, for the purpose of determining continuing eligibility. Information obtained during such audit will be treated as confidential information to the extent required under State and Federal law. The use or disclosure of information concerning enrollees will be limited to purposes directly connected with the administration of the Lifeline plan.
4. When a customer is determined to be ineligible as a result of an audit, the company will contact the customer. If the customer cannot provide eligibility documentation, the Lifeline credit will be discontinued.
